SCHOOL OF PROFESSIONAL STUDIES

Syed Mohd Zoran (Syed Mohd Zoran) Rizvi
74 Rohtas Enclave Faizabad Road Ravindrapalli
Lucknow Uttar Pradesh 226016
India

Dear Syed Mohd Zoran:

Congratulations! You have been admitted to Columbia University's Pre-College program:

NYC Residential Summer
Summer 2025: A
Residential: June 30-July 18, 2025 (June 29 move-in)

To finalize your enrollment and to be able to register for class, please make sure that you complete the following important next steps:

Confirm your intent to enroll

- [Click here](#) to complete the enrollment confirmation form and submit your non-refundable deposit in your [application portal](#).
- **Non-Refundable Deposit Amount:** \$3,500
- **Deposit Due Date:** Within 2 weeks of the date of this letter
- The non-refundable enrollment deposit will be credited toward the [total cost of the program](#) and is not an additional fee. Your space in the program will be released to another student if your deposit is not submitted in the timeframe listed above.
- **Please note that you are not registered for a class.** The deposit secures your place in the program and permits you to register for class. Since students enroll and register on a rolling basis we strongly encourage submitting your deposit right away for the best selection of available classes. We recommend you have multiple [courses of interest](#) in case your top choice course is no longer available; you are not guaranteed enrollment into a particular class.

Next Steps Email and Activating your CU Email Account

- Approximately five business days after you submit your enrollment deposit, you will receive a Next Steps email containing your **University Network ID (UNI)**, which you will need to activate to access your Columbia LionMail email account, and instructions on how to become eligible for course registration.
- Please activate your email account right away as future emails will be sent to this account.

Immunization Requirements

- All high school student participants must follow [University Public Health Protocols](#) in place at the time of participation. To be eligible to register for classes, students must submit their **Meningitis decision** and show **documented immunity to Measles, Mumps, and Rubella**. Please be aware that requirements are subject to change.
- We recommend that you begin gathering immunization documentation as soon as possible to avoid any delays with registration. You will submit your immunization documentation to the Immunization Compliance Office after you activate your UNI.

Submit Enrollment Forms

- After you receive your UNI and before you can register for classes, you must also complete the required enrollment forms found within the [admitted student portal](#).

Course Registration

- Course registration begins March 3 for students who applied by the February 2 early registration application deadline. For all other students, registration opens on March 17. Instructions to register can be found in the [admitted student portal](#).
- **You will register yourself for class after the non-refundable deposit is paid, enrollment forms are submitted, and you are compliant with University immunization requirements.** Course space is limited, so please act quickly to complete these requirements. We recommend you have multiple courses of interest in case your top course is no longer available; you are not guaranteed enrollment into a particular class.
- Please carefully review your desired course's [prerequisites](#) and ensure you have completed the prerequisites with a B or higher. Our admissions team closely monitors course registration.

Billing

- The full [program cost](#) is due by June 9, 2025. For students enrolling after this date, the program fee must be paid within two days of course registration.
- You and your parents will receive emails about payment beginning two weeks before the bill is due.
- More details about billing and payment options are found in the billing section of the admitted student portal.
- **You will not be able to pay the balance before mid-May as this is when the University system updates for summer tuition.**

For over 30 years, our pre-college programs have combined academic rigor and instructional excellence with careful supervision and support. The admissions committee looks for academically exceptional, highly motivated students who have a passion for learning and wish to enrich their knowledge.

Congratulations, again, on your admission. We look forward to welcoming you to our community!

If you have any questions, please reach out to us at hsp-admit@columbia.edu or 212-854-9889. We are available Monday through Friday from 9am to 5pm Eastern Time.

Sincerely,

Debra Lambert
Executive Director, Marketing & Pre-College Admissions
